Please stop the spread of COVID-19:

- If you have been tested for COVID-19, please stay at home until you receive your test results.
- Follow social distancing, even when you are at work and home (especially if someone in your home is sick)
- Stay at home if you are sick, or if you have been around someone who has been sick.
- Wash your hands often with soap and water for at least 20 seconds
- Cover your coughs and sneezes; cough or sneeze into a tissue NOT in your hands!
- Cover your face with a cloth face covering when you are in public or around others.
- Clean and disinfect frequently used surfaces
- Avoid travel to higher risk areas (areas known to have high numbers of cases)

Please remember: 6 feet of space and cover your face! 6 pies de espacio y cubre tu rostro!

The Florida Department of Health (DOH) releases a report on COVID-19 cases in Florida once per day. There is also a report detailing surveillance data for every Florida county. The Florida Department of Health also releases a list of long-term care facilities in Florida with active cases and number of deaths in each facility.

The surveillance data, long term care data and information on a case-by-case basis can be found at:
