

EARTH DAY Sunrise Stroll

Saturday, April 22, 2023 7:00am – 10:00am

Hosted by Florida Trail Association

Local Fisheating Creek Chapter, Glades/Hendry Counties

FREE TO THE PUBLIC – No Membership Required

Celebrate Earth Day by taking in all things green on a leisurely 4.5-mile stroll at Fort Center Trail in the eastern end of Fisheating Creek Wildlife Management Area. This is a flat walk on solid marl road or sandy trail.

There will be frequent stops at the info kiosks along the trail illustrating the ancient archeological history of this site. Led by Florida Master Naturalist Margaret England – bring your camera! Mornings make it more likely to spot wildlife. (+ cooler!)

Bring your lunch & stick around after the hike to meet with local FTA chapter leadership at the shaded picnic tables.

We'll share preliminary plans for new FTA activities in Glades & Hendry Counties in the upcoming 2023-24 Season.

Meet in the parking lot near Fisheating Creek WMA office, off State Route Hwy 78, Lakeport Community, Moore Haven. Vault Restrooms here, but NO water spigot, so bring water!

**For GPS: 1999 Banana Grove Road, Moore Haven FL
(Parking area and trailhead are 8/10-mile from this address.)**

**Please wear closed-toed shoes and a hat.
Bring WATER, snacks, insect repellent and sunscreen.**
